Track Cycling Session (Friday 6.30pm)

This session is run by Lichfield City Cycling Club but non-members are welcome to attend. It is not an official coach lead session - it is an informal club training ride. There isn't always have a club coach in attendance. Everybody rides at their own risk. The purpose of the session is to get people riding fast in a bunch race environment. The circuit is quite technical. Cornering skills are quickly learned - sometimes the hard way! But don't be put off if you're a novice – it isn't rough and you will improve your speed and bike handling skills.

Cost is £1.50 - just covers costs of using circuit.

Meet at Curborough Sprint Course at about 6.30pm - and warm up for about 15minutes before the session kicks off.

The session is not suitable for bespoke Time Trial bikes - Tri bars must not be used in this session. Clip on tri bars are OK but must not be used! Helmets must be worn.

Regarding age limits - this session is aimed mainly at adults - experienced Youths & Juniors are welcome. Lichfield CCC hold separate sessions on Thurs nights for young youths (age 8 - 12) & Weds nights for older youths. Both these sessions are coach led. Youth riders & juniors must ride restricted gears according to current British Cycling rules.

Directions:

From the A38 heading north, take the turning for Fradley business park, drive past the Floretta factory and past the Go Kart track and Tesco's depot. After about half a mile you turn left (Netherstowe Lane) at the sign for Curborough Sprint course, then take the road almost immediately on your right and follow it round to the track side.

From Lichfield, Netherstowe Lane can be accessed from Eastern Avenue. Take care – the lane is very narrow! The sprint course is on the left at the north end of the lane.

If you are approaching from the A515 then follow the road heading north towards Ashbourne. When you have driven over the railway bridge take the next right into Wood End Lane and follow the signs for Curborough Sprint course. After about a mile and half take the second lane on the right (Netherstowe Lane) then take the road almost immediately on your right and follow it around to the track side.
